Action taken report on the Overall Feedback for the Academic year 2022-2023

The action taken based on the meeting held on 28/07/2023 is as follows:

Feedback:

Almost all the students of UG and PG from the department of English have given positive feedback on the College. They are proud to be Auxilians as the College caters to their holistic development. They agree that Extra-curricular, Co-curricular, Sports and Extension activities are given importance in the College.

Majority of the students find the curriculum is career-oriented and relevant to jobs.

They have expressed their satisfaction with the syllabus.

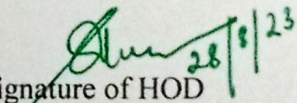

Action Taken:

Since the first years are new to the College, they are unaware of the entire curriculum and syllabus revision. Hence there is a need to brief them on the same.

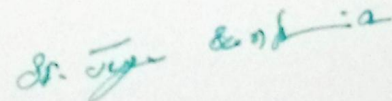

The department took care of this problem by explaining the facilities that are available in the library and also about the syllabus to the first-year students.

They were introduced to the resources of the library and the vast collection of books they can use for their programme.

The tutors briefed the students on the various facilities available in the College and took them on a tour of the campus and showed them the amenities, motivating them to use the same.

ACTION TAKEN REPORT ON THE OVER ALL FEEDBACK FOR THE ACADEMIC YEAR 2022 – 2023

The action taken on the meeting held on 17.08.2023 is as follows.

Problem:

While a majority of the students within the physics department have provided favorable feedback regarding the college, a small group of first-year students have raised concerns about the curriculum and the revision of the syllabus. Specifically, they have highlighted the insufficiency of books in the library.

A subset of students expressed their viewpoint that there has been inadequate attention given to curricular, co-curricular, extracurricular, and extension activities.

Action Taken:

Recognizing that the first-year students might be unfamiliar with the entire curriculum and the process of syllabus revision, steps have been taken to address this situation.

The department has initiated efforts to address the concerns of the first-year students by providing them with comprehensive information about the curriculum and syllabus revision.

To alleviate the issue of the limited availability of books in the library, the department has devised a plan to acquaint first-year students with the library's resources and the extensive collection of books at their disposal for their academic pursuits.

Students receive information about these curricular, co-curricular, extracurricular, and extension activities, both within and outside the college, aiming to raise awareness. Active participation by students in various competitions is strongly encouraged.

DEPARTMENT OF COMMUNICATION MEDIA

ACTION TAKEN REPORT OF THE FEEDBACK ON CURRICULUM FOR
THE ACADEMIC YEAR 2022-2023

The action taken is based on the meeting held on 26.06.2023. is as follows.

Problem:

1. Positive Feedback:

Most of the students have agreed that the key concepts in the syllabus match the course.

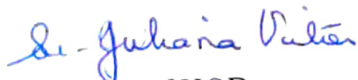

2. Negative Feedback:

Very few students have pointed out that Skill based papers do not satisfy the industrial requirements.

Action Taken:

1. In the new OBE format, syllabus revision was carried out and updated with the requirements of the current media industry. As per the suggestions from the experts in the Academic and Media industry, new papers were added and updated for both the practical and theory papers.

2. In the OBE pattern new skill-based elective (SBE) papers were introduced for our department students which mainly focused on the theoretical input in the future it will be updated in the practical format through which they will gain exposure.
