REPORT:

Staff and Students of PG Department of Biochemistry visited Heritage Foods Pvt., Ltd., Chitoor District, Andhra Pradesh on 22.08.2022. Twenty-seven students from I and II M.Sc., Biochemistry and two faculty members visited the company. During the visit, students were allowed to interact with the officials involved in production and quality control. The Technical Head of Heritage foods, Sunderajapuram processing plant and his Quality control Managers explained the process of milk processing from procuring the raw milk from farmers to the distribution of end products in the heritage parlours, such as pasteurized milk, flavoured milk, curd, lassi, ghee, milk powder and kova etc. They also showed the quality testing procedures followed according to Good Manufacturing Practice of their laboratory. The students asked questions regarding the processing technology and their chance of internship in Heritage. The Quality control manager cleared all the doubts and guided the students.

FEEDBACK FROM STUDENTS:

- ◆ The IV was enjoyable and informative - Ms. Isha, I M.Sc., Biochemistry
- ◆ We learnt the process involved in processing of milk and its products. It was very informative - Ms. Soniya, II M.Sc., Biochemistry

FEEDBACK FROM STAFF:

This was an enlightening and motivating experience for students and staff. Students learned about the importance of Good Manufacturing Practice (GMP) as well as the importance of

Good Hygiene Practice (GHP). The Staff from the company, encouraged the students and explained their manufacturing processes very clearly.

REPORT:

An Industrial visit to “Bio berry’s Healthcare and Research Centre” was organized by the PG Department of Biochemistry on 7th March 2023. II PG Biochemistry student and one faculty

went for a Hands on Workshop cum Industrial visit to understand current scenario in the field of medical biochemistry and laboratory diagnostics. Students got an opportunity to visualize the modernised automated lab facilities. Various automated diagnostic facilities such as haematology, biochemistry, microbiology and molecular diagnostics were shown to students which was used for appropriate and advanced rapid diagnostics. Students got insights on automated antimicrobial susceptibility testing, rapid identification of clinical pathogens by molecular diagnostics, genome-based diagnosis of diseases, and prediction of genetic disorder. The students performed blood analysis for lipid profile such as HDL, LDL and TG. They also isolated DNA and amplified the isolated DNA using a thermal cycler.

FEEDBACK FROM STUDENTS:

We learnt blood analysis using blood analyser and haematology analyser. We also learnt the techniques of DNA isolation and amplification using PCR. The importance of molecular techniques in the field of diagnosis. It was very informative. We thank the college management and the department staffs for their initiative to enlighten our knowledge in the field of health care diagnostics. - (Class representative - Soniya – II PG)

FEEDBACK FROM STAFF:

The management was nice without any restrictions they allowed our students inside their premises with required personal protection equipment's, they encouraged students and explained all the techniques used for performing diagnosis in detail.

REPORT:

The PG students were taken to BIONYME Laboratories private limited, Chromepet, Chennai, a plant tissue culture lab on 08.03.2023. An introductory note was given by Dr. B. Leeba, Director of Bionyme. She explained the tissue culture techniques and its scope. Instruments like bioreactor, automatic media preparation system and large-scale solvent extraction system were explained to the students. Callus culturing technique and inoculation of culture were done by the students. Finally, the directors of the lab addressed the students to perceive research and encouraged them to become entrepreneurs.

FEEDBACK FROM STUDENTS:

The laboratory visit was beneficial for us to learn about plant tissue culture. The lab in-charges were very co-operative and helped us to understand the concepts. Their work inspired us to become an entrepreneur. We had a great time in exploring the various types of plant tissue culture arranged in a very sterile condition. We were made to learn the procedure of callus culture but it would have been much better if they could have showed us medium preparation and other steps as well. - I. MSc Students.

We learnt handling new equipments and instruments related to plant tissue culture. They allowed us to do the callus culture and inoculation of callus in the MS medium. They taught us the basic requirements for plant tissue culture, scope and importance of plant tissue culture. The one-day hands-on experience was very good. - II. MSc Students.

FEEDBACK FROM STAFF:

The lab visit to Bionyme was beneficial to the students. Students were able to witness and perform tissue culture techniques hands-on. They understood the importance and opportunities to be explored in the field. Bionyme assured of internship to our students with stipend for a period of six months which will help our students to gain experience and boost them to fetch job. - Dr. M. D. Lakshmi Priya & Ms. K. .REPORT:

An Industrial visit to “CIIC” was organized by the PG Department of Biochemistry on 16th March 2023. III UG Biochemistry student and two faculty accompanied students for the Industrial visit to understand the need for a start-up. Students got an opportunity to visualize the modernised automated lab facilities such as Intel-Unnati which is an IOT laboratory which uses biomimicry. Various laboratory facilities such as stem cell, plant tissue culture, analytical and molecular biology labs were shown to students. Students got insights on the need to be skilled personal and the role of DBT in developing skills for young students by providing facilities such as CIIC.

FEEDBACK FROM STUDENTS

We learnt the difference between a start-up and entrepreneur. They showed us different start-up ideas which was very inspiring. It was very informative. We thank the college management and the department staffs for their initiative to enlighten us to become an entrepreneur in future.
- (Class representative - Sandhiya – III UG)

FEEDBACK FROM STAFF

The CIIC kindled the young minds and encouraged them to be an entrepreneur, they guided students and enlightened them about the various government schemes available to support their new ideas. As a phase I recipient of BIRAC they did an extraordinary work in guiding and supporting the students.

REPORT:

The PG and UG students of Biochemistry department were taken to a lab visit to the Research Department of Biochemistry, Islamiah College (Autonomous), Vaniyambadi. Dr. A. Liyakath Ali, Head & Associate Professor, Research Department of Biochemistry organized a workshop on Automation in Biochemistry. A presentation was shown on the instrumentation technology available for clinical diagnosis viz. Automated blood analyzer, Automated urine analyzer, ultra sonicator and PCR. After the presentation, the students visited the Biochemistry lab. A demo session and practical session were conducted batch-wise for all the students. The students were allowed to analyze the blood samples using the auto analyzer and a report was given individually for the students.

FEEDBACK FROM STUDENTS:

The experience was truly valuable and informative and enhanced my understanding of automation in biochemistry analysis. We got opportunity to see and handle different instruments such as PCR, urine analyzer, hematology analyzer, and ultra sonic ionic cleanser.

FEEDBACK FROM STAFF:

The workshop on Automation in Biochemistry was informative. Students learned a lot from this workshop and a special mention of the Hemocytometer (Automated) Analyser. This helped our students to understand the importance of clinical diagnosis much better and helped them to improvise their practical skills.

Sub: Appreciation for your remarkable contribution to the children's drama project

Dear Madam Indumathi,

I am writing to express my sincere appreciation for your hard work and dedication to the Virtual Children's Drama Project from June 2020 to July 2020. Your contributions have been invaluable to our SJKT Bayan Lepas children, and I am grateful for all that you do.

Specifically, I want to recognize your outstanding work on children's drama and storytelling workshops. Your leadership and attention to detail have been instrumental in achieving our goals and exceeding our stakeholders and parents' expectations. Your contributions have not gone unnoticed, and I want to publicly acknowledge your efforts and hard work.

We are truly grateful for your input in this project. Under your guidance, we have also gained fantastic insight into how we can enhance children's drama workshops and training for future implementation. I encourage you to keep up the excellent work, and we will continue to support your growth and development.

Once again, thank you for all your contributions towards our school children's STEAM learning development. You are a valued member of our school, and we appreciate your hard work and dedication.

Best regards,

(Sangga Sinnayah)
