“Remember who you are really today, know that you too have power to overcome anything you may be facing, it’s time to rise and shine and so forth I greet a very good morning to one and all here. Honourable chief guest _____, the principal rev. dr. sr. Regina Mary M. The vice principals of shift 1 & 2 _____, special invitees, coaches of various teams, heads of department, members of faculty and my dear students. It indeed is my privilege to present the report of the sports activities held on our 64th annual sports meet.

College is for most a very demanding period that brings with itself a lot of change. It can be hard to keep energy level up all the time. Friends come and go and so do preferences. It’s hard to put things into perspective and stay motivated for all the task at hand as this is the time when one faces the society. It is the time when one moulds its true self for the future . in midst of all this commotion ,I strongly believe that sports helps the students calm down and focus on a single goal, it teaches the students the essence of life by teaching them morals like team work, being honest and most importantly it teaches you to face difficulties.

According to Corinthians 9:25-27 “all athletes are disciplined in their training. They do it to win a prize that will fade away, but we do it for an eternal prize. So I run with the purpose in every step, I am not just shadow boxing, I discipline my body like an athlete training to do what it should, otherwise I fear that after preaching to others I myself might be disqualified” and keeping this verse in mind our Auxillium college girls have participate in the following events and have emerged as winners all by the grace of god.
