**Workshop on “Organic Farming to Promote Women Agripreneur”
11.12.2019**

Event: Workshop on “Organic Farming to Promote Women Agripreneur”

Date: 11.12.2019

Participants: 30

The ENVIRO CLUB has conducted a Workshop titled “Organic farming to promote women Agripreneur” on 11th December, 2019 in collaboration with Arivu Thottam Organic Farm, Kalambattu, Latteri, Vellore. The programme was organized at Arivu Thottam. Sixty seven students from various departments of Shift I and II participated in the workshop with enthusiasm and had a hands-on experience about the best methods of Organic farming and entrepreneurial skills. The workshop started with the farm walk at 9.30 am to 10.00am. Students gained knowledge about different types of crops and its cultivation practices.

Mr.K. Senthamil Selvan spoke on the scope of agri based enterprises in Vellore. He motivated the students on significant number of careers globally from livestock, organic farming and food production. Mr. Rajesh. M took over the next session. He motivated the youth on uplifting the entrepreneurial skills among youth. Mr.A.Srinivasan provoked the youth about the decorative benefits of roof plantings, architectural enhancement and recreational opportunities. He explained about green roof, hydroponics and container garden. Mrs. C.Devi explained about how an enhancement can be given to products or service before offering it to the customers. She made the students to realize the maximum production at the farm level both crop and livestock and ensured a safe environment that leads to maximum profits. She insisted that value added products are worthwhile investment that can generate higher returns, create brand identity and develop brand loyalty. She also showed some value added products like herbal bath powder, herbal tooth powder and milk products like ghee, butter etc.,

Mr.R.Sivasankaran demonstrated the organic manure preparation and insisted to maintain soil fertility and increase the nutrient level of the soil. Mr. V. Jaya Kumar shared his views about dairy unit and poultry unit. He explained regarding the raising of domesticated birds such as chickens, turkeys, ducks and geese for the purpose of farming meat or eggs for food while dairy farming as a class of agricultural enterprise which focuses on long term production of milk. The programme ended with the distribution of certificates.

Installation of Beekeeping Unit in the College Campus 18.12.2019

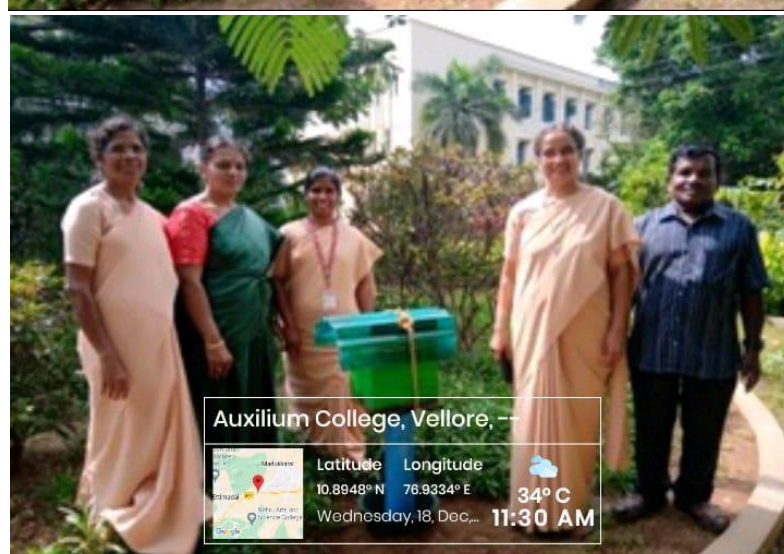

Event: Installation of Beekeeping Unit in the College Campus

Date: 18/12/2019

Participants:10

Dr.Sr.Regina Mary.R, Principal, Auxilium College has taken initiation to start Bee keeping in the college campus as her long term vision. Dr.P.William James, EFGC Biological Farm, Chennai launched the beekeeping unit in the college campus on 18/12/19. Dr.Isabella Rosaline.S, Enviro club coordinator has taken initial steps to start the first beekeeping unit and students also actively participated and learnt the importance of Beekeeping. Dr.P.William James highlighted that bees improves pollination of garden crops and flowers. It also dramatically increase the yield of vegetables and plants that require pollination to produce fruit and also essential for the preservation and sustainability of wild species of flowering plant in already existing garden. Beekeeping activity will motivate the entrepreneurial skills among the student community towards the production of organic honey.

Fotothon Auxilium Trees Contest-2020

Event: Fotothon Auxilium Trees Contest-2020

Date: 06.01.2020 to 11.01.2020

Participants: 10

The Fotothon Auxilium Trees Contest 2020 was a resounding success, capturing the beauty of our campus greenery through captivating photographs. Students showcased their artistic flair, emphasizing the importance of environmental conservation. The contest fostered a sense of appreciation for nature, encouraging a greener mindset among participants. This initiative not only celebrated the biodiversity on our campus but also served as a reminder of the crucial role trees play in our ecosystem. Fotothon proved to be a powerful platform for environmental awareness and artistic expression.
